## Ever Seasick?

"Can't keep anything on my stomach"  
you have probably said more than once.  
Words fail to describe one's feelings  
at such times.

## Taroena Food

"stays down" and gives you relief that  
no other prepared food can. Dr. Soule,  
the well-known surgeon on the S. S.  
"Australia" for many years, says that  
in all his experience he has never found  
a food half as useful to him as Taroena.  
He has written an article on seasick-  
ness appearing in a recent number of  
the Call in which he endorses Taroena  
highly for the use of seasick pas-  
sengers.

Taroena is a complete food. It is  
without a peer as a food for making  
thin people fat. It will produce several  
pounds a week and build up the em-  
aciated man or woman and bring them  
into perfect physical condition. If your  
stomach is weak it will tone it up. It  
is both a medicine and a food. Try it.

## The Princess Gown

When the PRINCESS GOWN made  
its bow here a few weeks ago it took our  
breath away. The lines were trying—too try-  
ing for any but tall women.

Since then it has been worked with and  
re-made and so beautified that you, who saw  
it first, will scarcely recognize in the soft  
graceful flowing beauty of this, the stern lines  
of that.

It is a case of the ugly duckling over again.

All last week women crowded our Dress  
Making Department where it, and other beau-  
tiful dresses, are being made.

There are some wonderful new embroi-  
dered Swiss dress patterns in evening shades  
which came to us on the last steamer. When  
you see their delicate workmanship, you will  
not be able to help falling in love with their  
sweet, artistic quaintness.

Then there's that new "Straight Front"  
Corset—but we told you all about that last  
week. Perhaps you've noticed though, that  
it has forced the price of the old-fashioned,  
out-of-date corset down to 50cts. Pretty good  
sign as to what's going to become of the old  
corset, isn't it?
